I-70B Reconstruction Project Update

This is the last construction update for the I-70B Construction Project. Here are the construction activities that will be occurring over the rest of this week:

- Place rip-rap and topsoil along sides of highway (to be completed today, 6-29-11);
- Place items on punch list (to be completed by tomorrow, 6/30/11);
- Place final landscaping and landscape rock (to be completed by tomorrow, 6/30/11);
- Uncover left-hand turn signals and activate (tonight, 6/29/11).

That's the update for this week. Thank you for your patience during the project.
